

HELPING HANDS OF JESUS MINISTRIES TRUST

No.1050A/3, Sevoor village and post, Arni Taluk,
Thiruvannamalai District, Tamil Nadu

ANNUAL REPORT FOR THE PERIOD 2024 - 2025

The organization had taken up the programs for the cause of the women and children especially the women from remote villages. The children had been supported with the educational aid and the poor children were given special coaching assistance so that they could study well and also find better situation to come up in their lives. The other allied women development programs, rehabilitation to the poor aged women, distribution of the dress materials to the aged, awareness building for the women groups were undertaken.

TRUST OFFICE WITH FOUNDING TRUSTEES

Some of the key programs we had carried out are as follows:

- Distribution of Books and Uniform to children
- Children welfare programs
- Distribution of clothes to aged people
- Tuition fees for poor students
- Corona awareness programs:
- Old aged home
- Medical camp
- SHG Development programs
- Help to poor students

The programs in details

- **Distribution of books and Learning materials:** The slow learners were selected and they were offered with additional educational materials to learn better and to become competitive in their lives. It has helped the students to easily comprehend their lessons and to move to higher classes.
- **Distribution of clothes to poor aged:** In our service areas there are lots of aged women who live in deplorable conditions and the living conditions are very poor and thus our organisation had given more concentration on the rehabilitation of the poor aged women and supports were given to them.

- **Children welfare programs:** The parents of the children in our areas are purely depended on seasonal agriculture and the wages they get is very less and are not able to manage the day today expenses. The education and health of their children is not of any importance to them as they are not able to meet their needs. So the parents are not able to bear the expenses of the children and to bear for one square meal itself is of great struggle. So we happened to select few children and support them with the welfare schemes so that they could avail better nutrition and education.
- **CORONA Awareness program:** the preventive measures were refreshed to the women group members as they are main consumer of health. Moreover the available water in our areas are contaminated as there are no frequent rains and the waters are also stagnant. The ground level water has also gone down and the water scarcity has been caused. The local inhabitants were screened for health and the people who had chronicle diseases were referred to the nearest

Hospitals. The health personnel from our organization was instrumental in giving the possible orientation and also distributed few free medicines to the simple sicknesses

- **Old age Home and rehabilitation of the aged:** The aged who were left without any support were identified and they were offered with dress materials during the birthday of Mahatma Gandhi and Mother Teresa. The dress materials and support was instrumental to assist them and motivate them to feel happy during the festive season.

- **WOMEN SHG Development programs:** The SHG are being given special training in leadership and managerial skills and the ways and means to gain government schemes were oriented to them.

- **Help to poor children**: The children from the poor families were selected and they were offered with the educational support and these children were able to purchase school bags and additional reading and writing materials so that they could easily cope up with the education. The educational aids to poor children were aimed to assist some of the rural poor children to gain the educational supports and to cope up with their regular schooling and to get well educated and go for higher education. The children from the poor social status are not in a position to gain even the basic stationers and thus this program was instrumental in continuing their studies in a meaningful manner.

Conclusion

The organization is thankful for all the local well-wishers who had supported our program and we convey our sincere thanks for their liberal contributions and supports and seek the continued cooperation in all our endeavors in working for the cause of the poor and the needy.
